About us

We manufacture elegant custom switches and sockets that express the individuality of your interior.

We offer a complete range of contemporary electrical accessories available in a variety of finishes to suit the demands of a rapidly changing design market. A European manufacturer of high-end electrical equipment crafted with meticulous attention to detail.

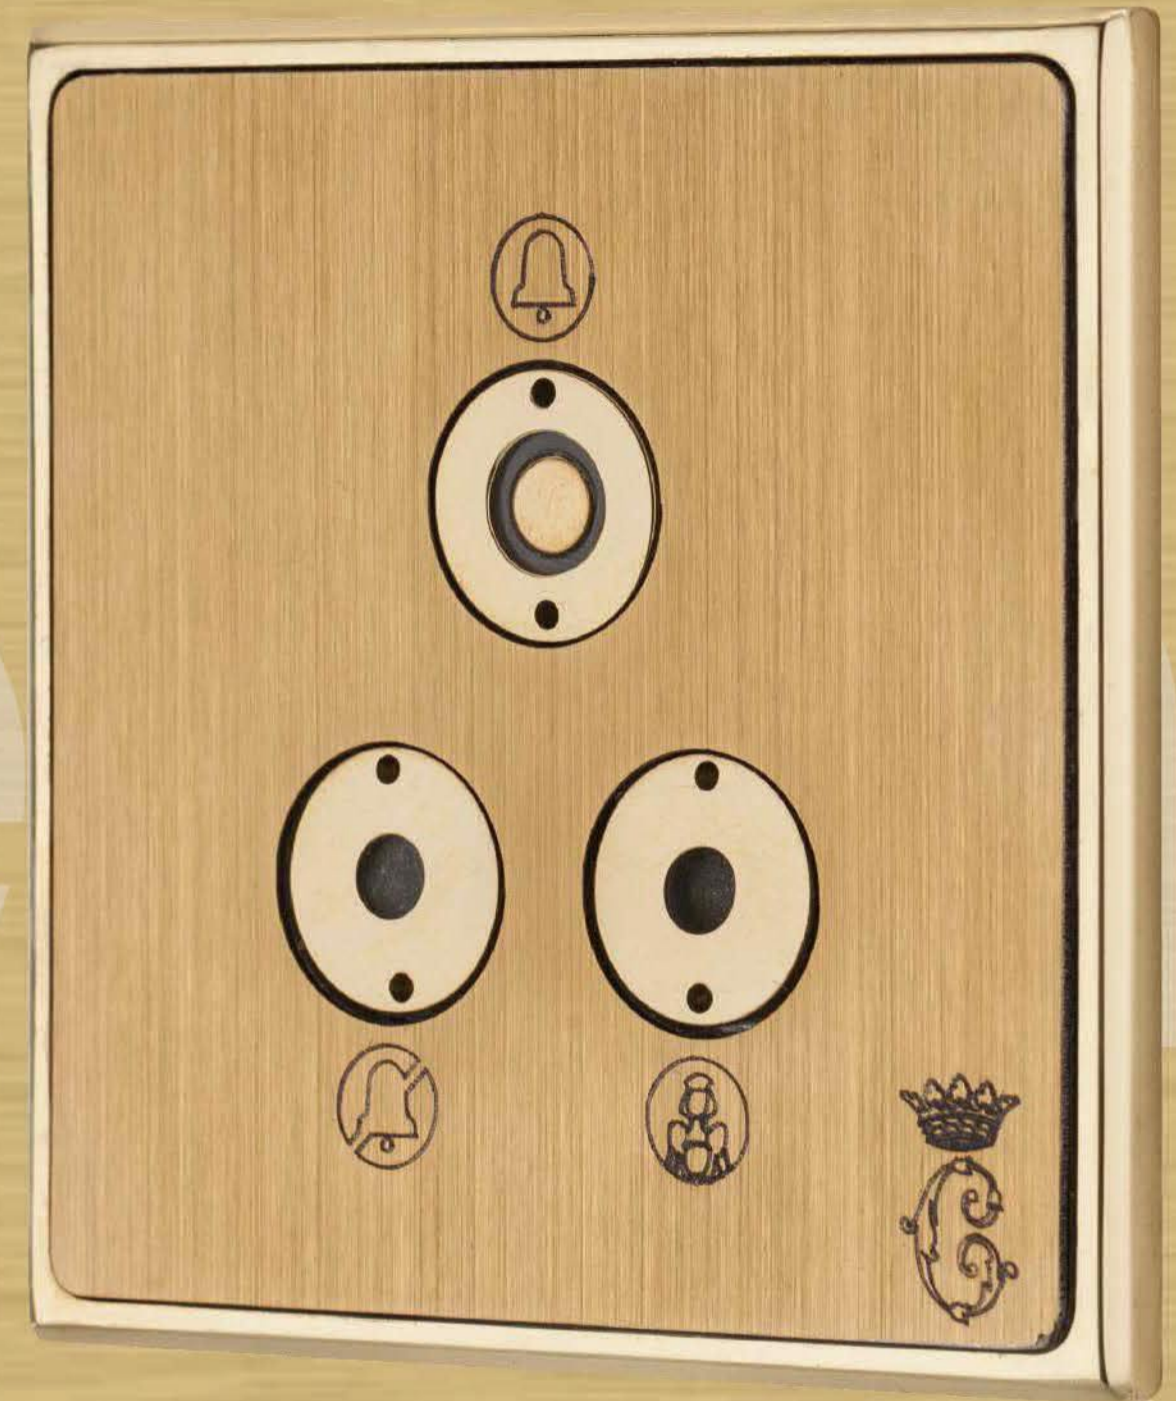

Creating a bridge between the electrical and aesthetic world with comfort in mind is a complex and scrupulous process; In today's changing world of technology, design and innovation have to go hand in hand to create the right blend of comfort and design.

Rhombus Europe works in collaboration with some of the best Interior Designers and Architects in the residential hospitality industry worldwide to provide the some of the best customised electrical devices for the guest rooms.

Collections

Metal collection

Metal Collection

Give a **metal touch** to your interiors with the **Athena collection**

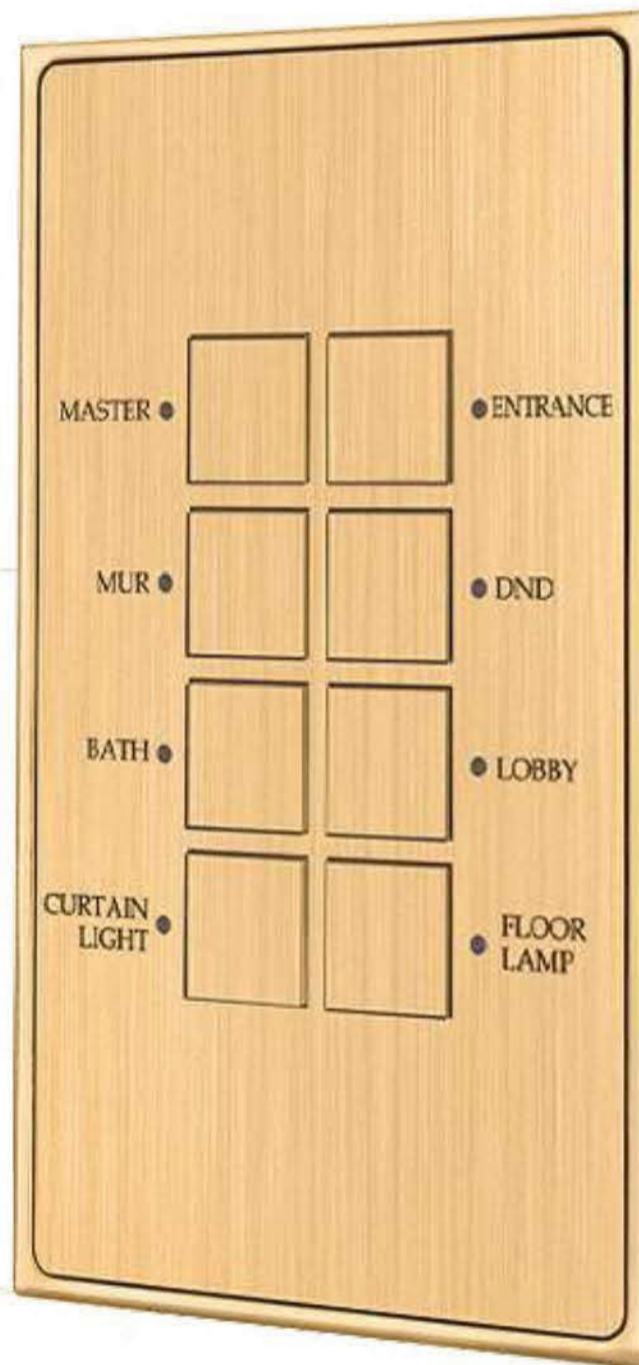

Our Athena collection provides a wide range of finishes and customization that can be easily personalized to your interiors

Metal Collection

A choice of screwless options with a wide combination of face plates.

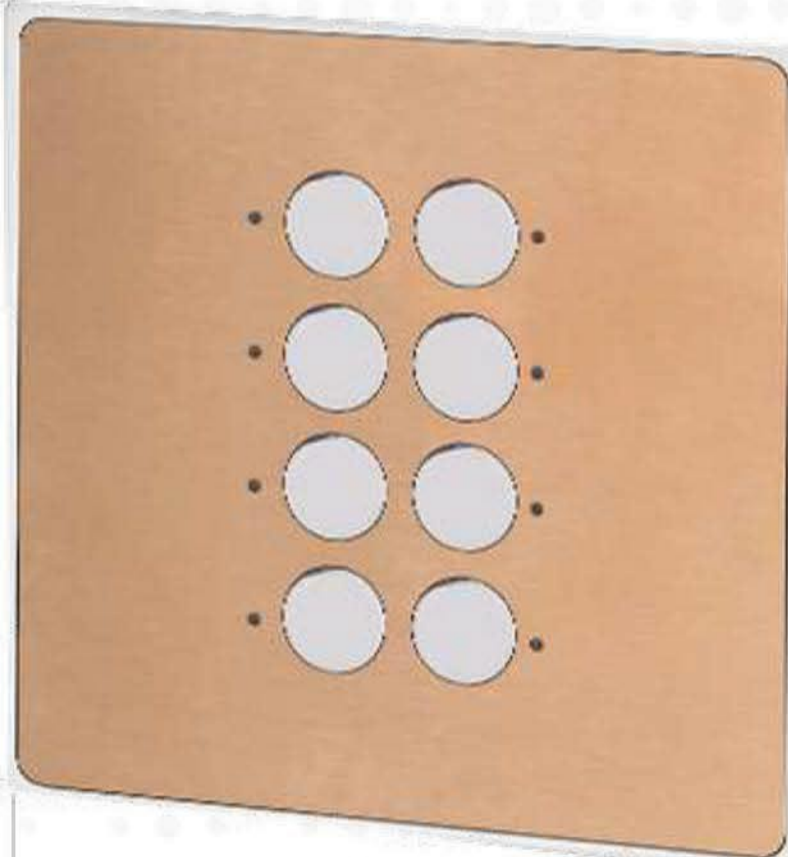

Square, Round and Toggle buttons
With optional engraving and LEDs

Metal Collection

A wide variety and combination of mechanisms.

Sizes include (in mm): 90x90, 90x150, 90x120, 120x90, 150x90, 90x220, 220x90

Stone collection

Stone Collection

Our **stone collection** maintains the warmth of the stone whilst still being hard and strong

Stone is perhaps one of the most beautiful material to work; hard and strong but at the same time warm and malleable.

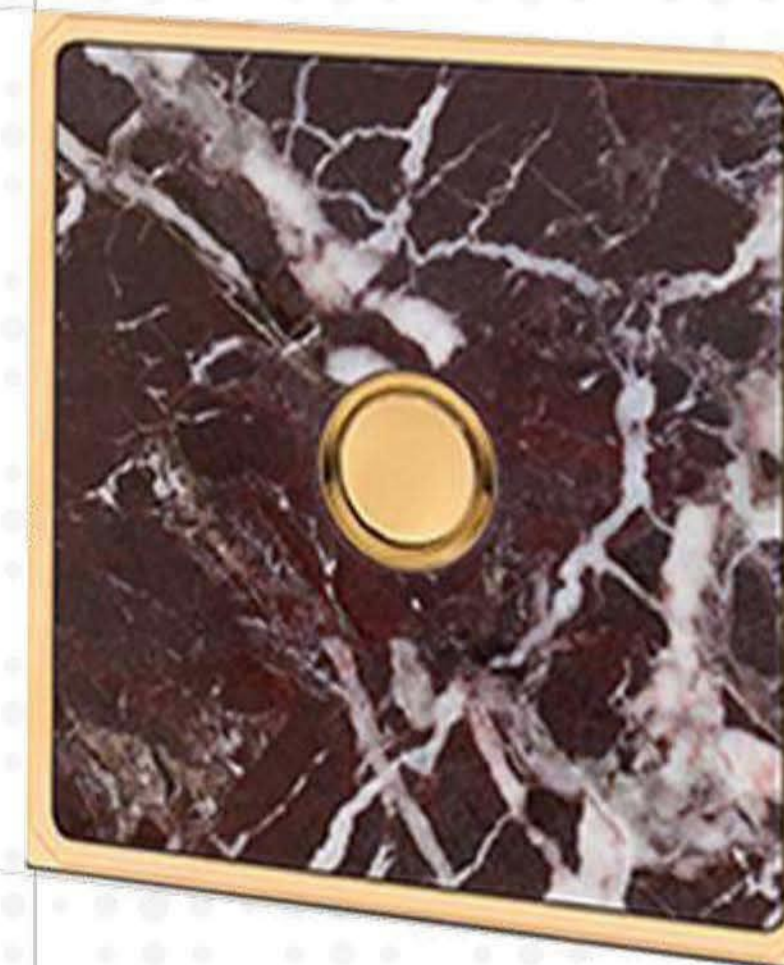

Stone Collection

A wide variety and combination of mechanisms.

Square, Round and Toggle buttons
With optional engraving

A choice of screwless options with a wide combination of face plates.

Sizes include (in mm): 90x90, 90x150, 90x120, 120x90, 150x90, 90x220, 220x90

Wood collection

Wood Collection

Nemesis wood collection creating
the contemporary touch of the
Nature

A material that has been used more commonly for years
and that can be adapted with passion to your universe.

Wood Collection

Creating the warmth between your serenity and the comfort, we work with meticulous detail to provide one of the most impeccable products.

In the electrical world, the perfect blend between the material and the finish is what glows up your space.

A wide variety and combination of mechanisms.

Leather collection

Leather Collection

A **luxurious touch** to your interiors
with the **Artemis Leather collection**

A product that creates the essence of warmth and luxury
is something distinct to work with.

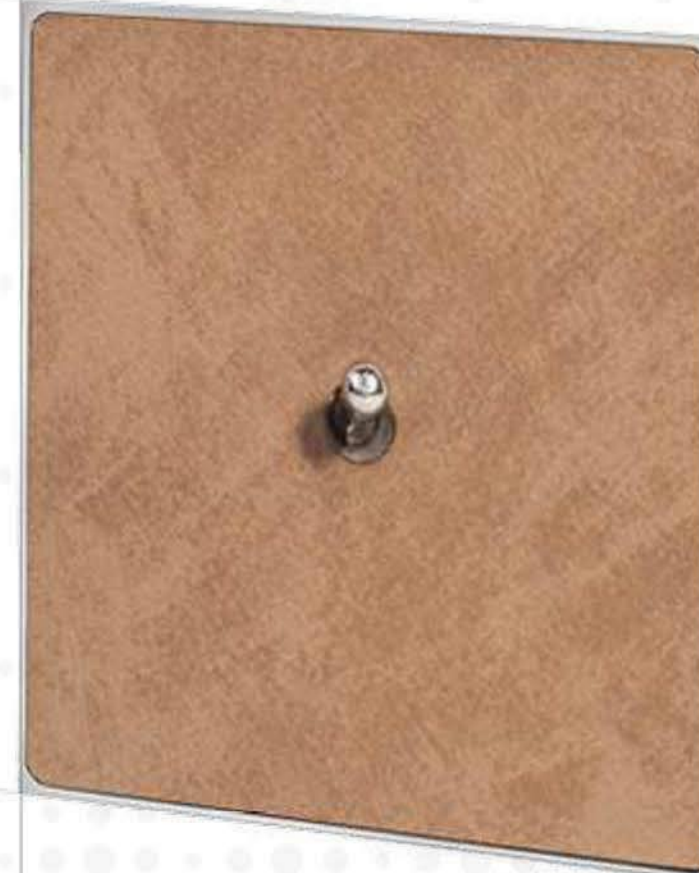

Leather Collection

We pride in producing some of the high-end electrical devices that can enhance the richness of the interior while maintaining the warmth of your depths.

Leather provides a wide range of finishes that can easily adapt to any décor and get the best of the interior design.

A wide variety and combination of mechanisms.

Plexiglass collection

Plexiglass Collection

Your **rainbow** of brilliant colours with our Iris Plexi Collection

In today's modern era, smart environments are quite common and, in many instances, requires something more colourful and intuitive, a range of electrical devices that can provide any RAL colour of your choice and match the subtle surroundings.

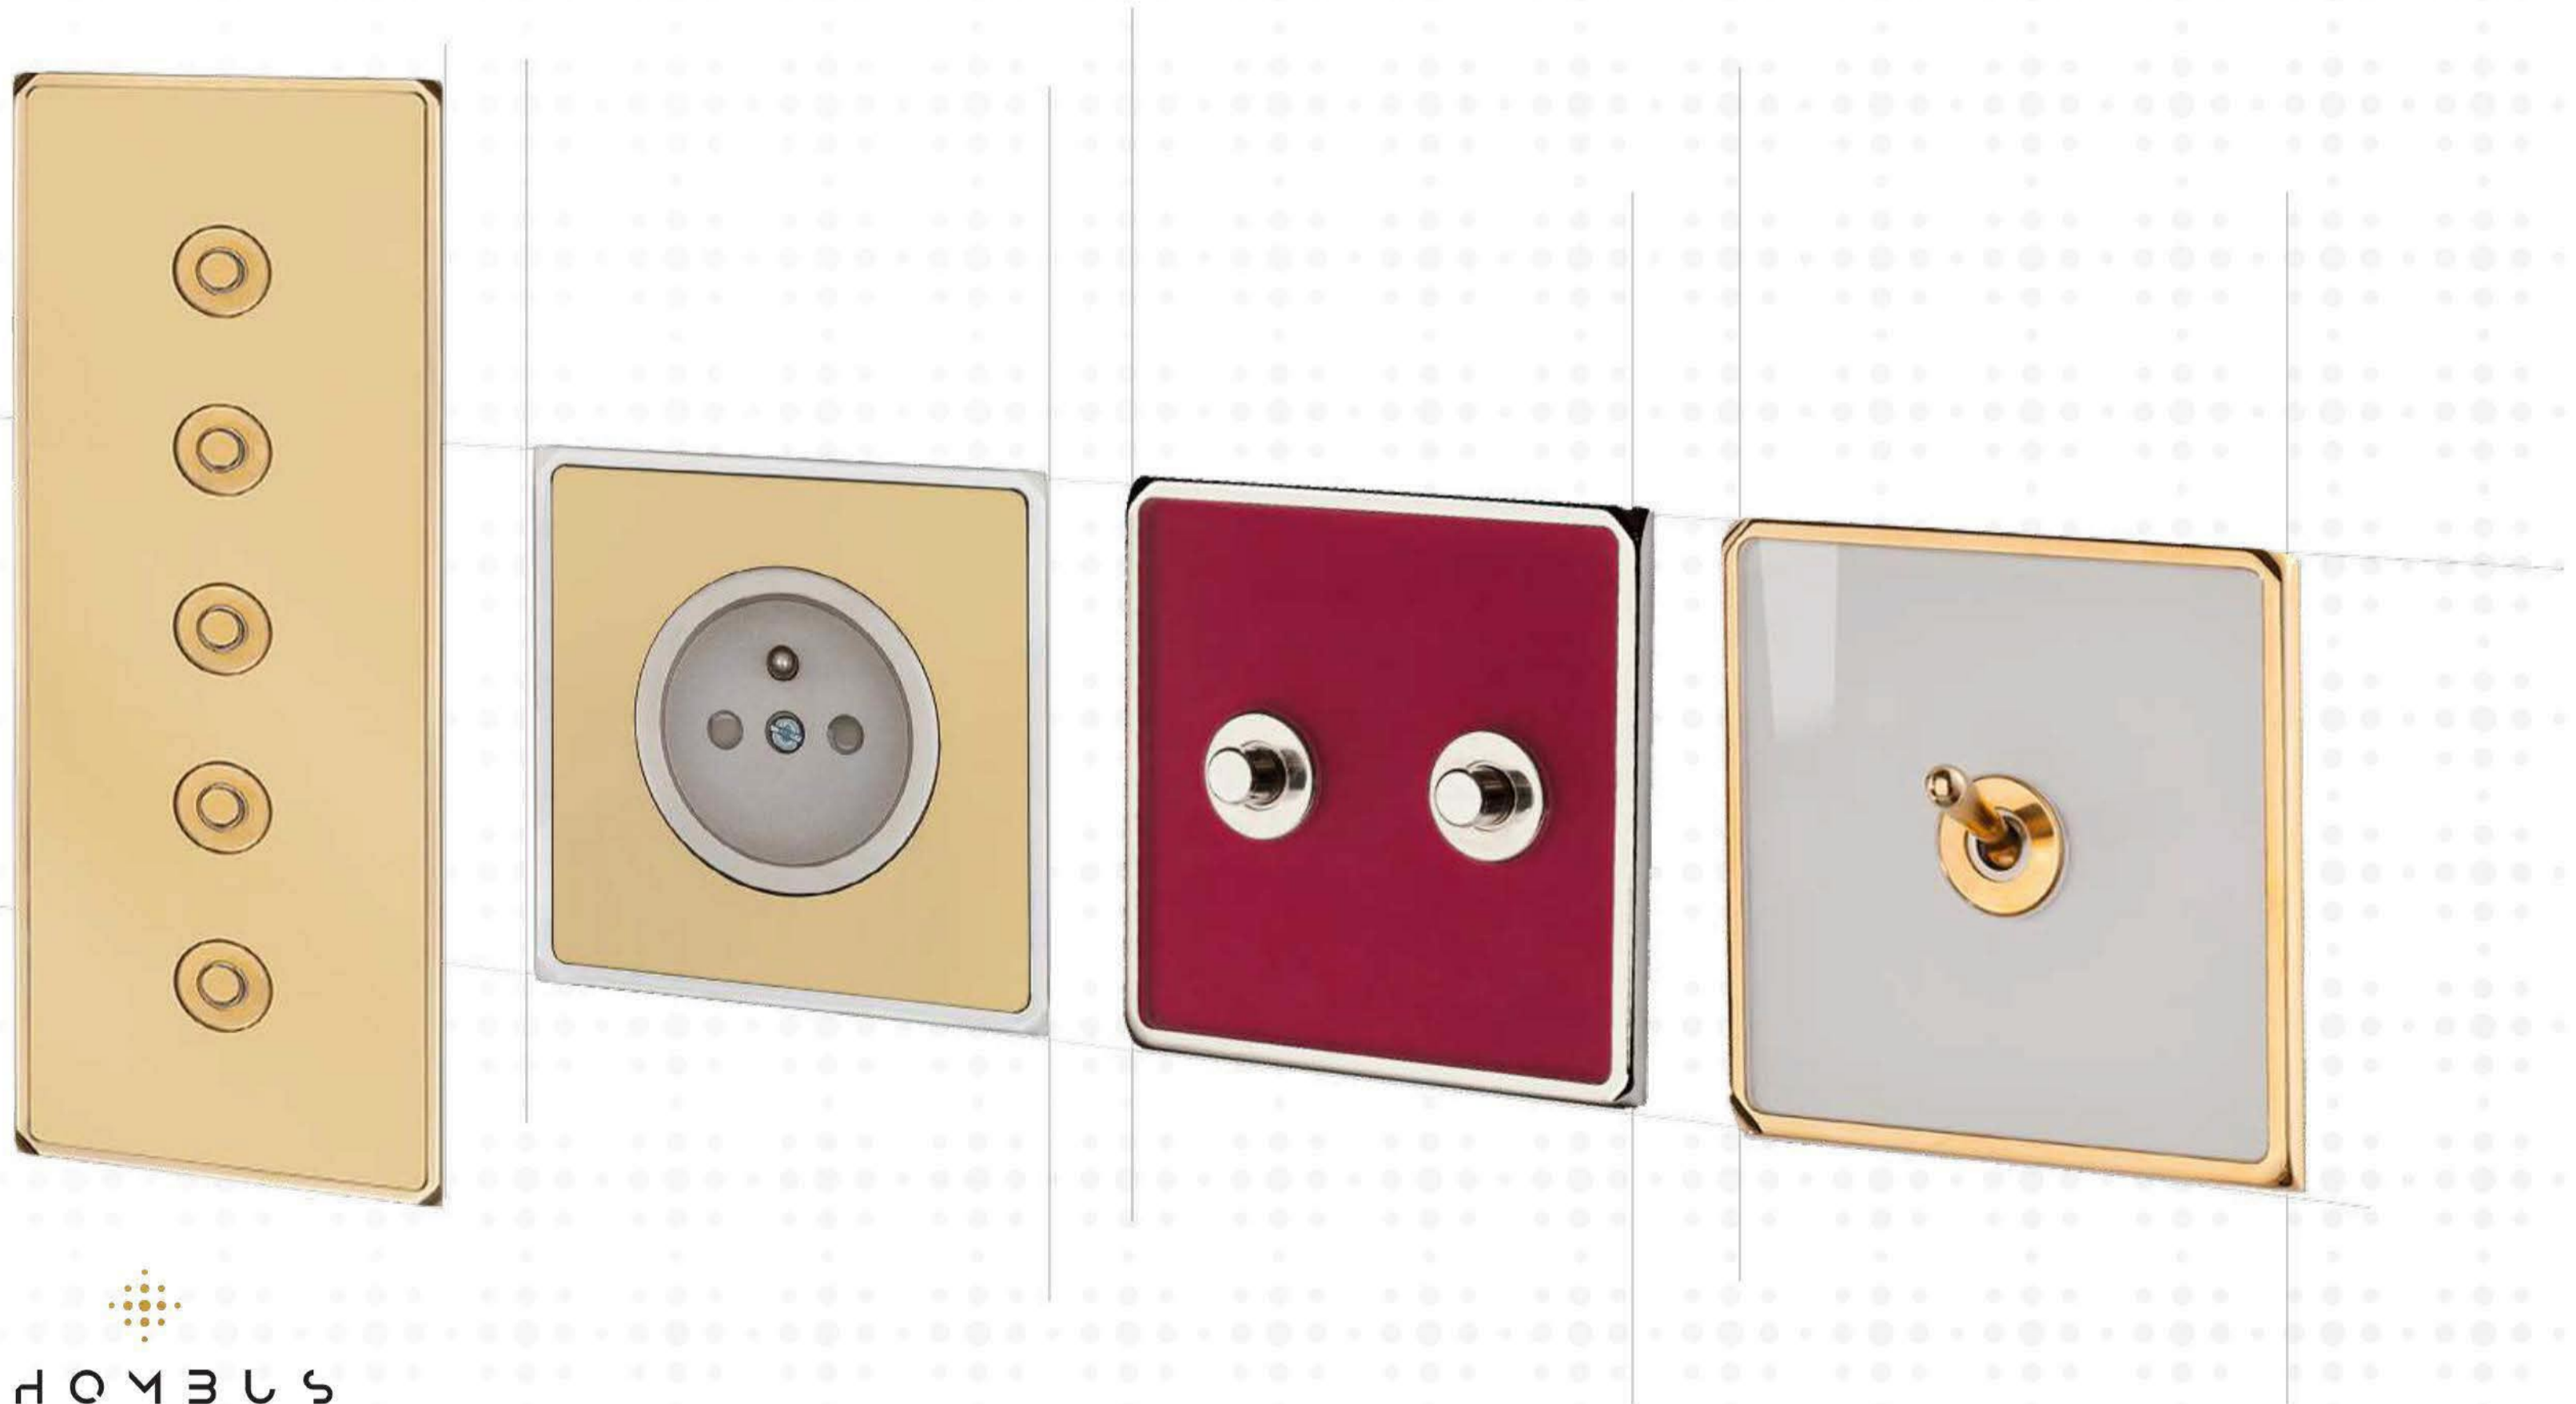

Plexiglass Collection

Our Plexi range of products provides a complete range of the RAL colour finishes that can blend into your surroundings and still provide a smart and modern interior

A wide variety and combination of mechanisms.

Square, Round and Toggle buttons
